Knitting machine: Standard gauge Brother KH 280

Yarn used: Lang yarns, Alpaca soxx 4ply but any knitting machine yarn will work.

Gauge: Depends on the yarn you use. Make a few swatches at different tensions to get your own gauge.

Beanie example:

Head circumference: 58 cm

Ear to ear: 40 cm

Gauge 7T: 15.5 sts/5 cm x 19 rows/5 cm

Length: $58 \text{ cm} \times .9 = 52.2 \text{ cm} = 162 \text{ sts}$ (considering 90% ease)

Height: $25 \text{ cm} = 95 \text{ rows} + 26 \text{ rows for ponytail} = 121 \text{ rows}$

Note: For the height, the math considers half the ear to ear measurement plus 5 cm. If you have a ponytail then extra length is needed for the beanie to sit comfortably ($\text{ear to ear}/2 + 5 \text{ cm} = 25 \text{ cm}$). I then added 26 extra rows for the ponytail or ~7 cm per my gauge

Beanie sections:

40 rows for a folded brim of 20 rows

45 rows for the beanie body

36 decrease rows

Knitting instructions:

1. Cast on the number of stitches calculated in the length using waste yarn and knit a few rows.
2. Switch to the yarn intended to knit the beanie and knit 40 rows with the tension from your gauge.
3. Transfer open ends attached to the waste yarn to the needles in the knitting machine. You will have 2 yarns in each needle.
4. Change the tension 1 number to knit the next row loosely.
5. Go back to your gauge tension and knit 45 rows.
6. To prepare for the decrease rounds, place markers (I) in between the following stitch counts:

11 sts|20 sts|10 sts|20 sts|10 sts|20 sts|10 sts|20 sts|10 sts|20 sts|11 sts

8. Decrease round a: decrease 1 stitch at the beginning and one at the end of the 20 sts section (-10 sts, 152 sts total)
9. Knit 4 rounds
10. Decrease round a (-10 sts) 142 sts total
11. Knit 4 rounds
12. Decrease round a (-10 sts) 132 sts total
13. Knit 4 rounds
14. Decrease round a (-10 sts) 122 sts total
15. Knit 4 rounds
16. Decrease round a (-10 sts) 112 sts total
17. Knit 4 rounds
18. Decrease round b: decrease 1 stitch at the beginning and one at the end of each inner section, for the outer sections or the ones with 11 stitches, decrease only 1 stitch (-20 sts, 92 sts total)
19. Knit 2 rounds
20. Decrease round b (-20) 72 sts total
21. Knit 2 rounds
22. Decrease round b (-20) 52 sts total
23. Knit 2 rounds
24. Decrease round c: decrease all stitches 26 sts total
25. Knit
26. Bind off
